

# TIN HTUN OO

Frontend Developer | React & Next.js

Bangkok, Thailand | tinhtun1999@gmail.com | +66 909 148 469 | [GitHub](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

Frontend Developer specializing in React, Next.js, and TypeScript, with experience in building responsive e-commerce platforms, booking systems, and AI-powered features using Retrieval-Augmented Generation (RAG). Skilled in API integration, database-driven applications, and performance optimization, delivering freelance and personal projects from concept to deployment.

## FREELANCE EXPERIENCE

### Frontend Web Developer (Freelance) | [Metro Security Singapore Corporate Website](#)

- Designed and developed a modern, responsive corporate website for a Singapore-based security services company, optimized for desktop and mobile.
- Improved service presentation, navigation, and lead-generation capabilities to strengthen the company's online presence.
- Focused on performance optimization, accessibility, and maintainable frontend architecture while collaborating with stakeholders to translate business requirements into a professional web experience.

## PROJECTS

### [Oway Myanmar Heritage Fashion E-Commerce](#) | *Next.js · TypeScript · Tailwind · Supabase · RAG · Gemini API*

- Developed a full-stack e-commerce platform with authentication, product catalog, shopping cart, and order management, using Supabase for database-level security and role-based access control.
- Built an AI-powered shopping assistant using RAG and vector-based embeddings to deliver product-aware responses and context-aware recommendations from product data.
- Designed responsive, optimized interfaces for a seamless shopping experience across devices.

### [SkyReserve Flight Booking Platform](#) | *Next.js · JavaScript · Tailwind · Prisma · MySQL*

- Developed a flight booking platform with destination search, filtering, booking management, and airline integration, plus an admin dashboard for managing airlines, flights, and bookings.
- Designed responsive interfaces and integrated Prisma/MySQL, optimizing application performance and user experience.

### [Food Fusion Recipe Sharing Platform](#) | *PHP · JavaScript · Tailwind · MySQL*

- Developed a community-driven recipe sharing platform with user authentication, posting, commenting, and content management, backed by a scalable relational database design.

## TECHNICAL SKILLS

- Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
- Backend & Database:** Node.js, Express.js, Prisma, Supabase, MySQL
- AI & Search:** RAG, Vector Search, Embeddings, Gemini API
- Tools & Practices:** Git, GitHub, REST APIs, Responsive Design, Performance Optimization

## EDUCATION

NCC Education Level 5 Diploma in Computing (2025)

Technological University (Hmawbi) - Studied Mechatronics Engineering
